

1. Trykk på innstillingene for e-post.

2. Trykk på annen

3. Oppgi din epost-  
adresse. F.eks  
ola@domania.no

4. Fyll inn passord  
(Husk at det er forskjell på store  
og små bokstaver i et passord)

The image shows a mobile application registration screen. At the top, there is a black header with a back arrow and the text "Gå til konto". Below the header are two input fields: the first is for an email address, and the second is for a password. A checkbox labeled "Vis passord" is located below the password field. At the bottom of the screen, there are two buttons: "MANUELT OPPSETT" and "NESTE". The screen also displays a status bar at the top with icons for location, signal, and battery, and the time "12:05".

MANUELT OPPSETT

NESTE

5. Fyll inn ditt hele epost-adressen. F.eks: ola@domania.no

6. Fyll inn ditt brukernavn, hele epost-adressen. F.eks: ola@domania.no

7. Fyll inn passord (Husk at det er forskjell på store og små bokstaver i et passord)

8. Fyll inn mail.domenia.no som IMAP-SERVER

9. Velg SSL som sikkerhetstype

10. Sett innkommende port til 993

11. Trykk på neste

The image shows a screenshot of an email configuration interface. At the top, it says "Innkommende innstillinger". Below this are several input fields and a selection button, each with a red border and a blue callout bubble pointing to it. The fields are: "E-POSTADRESSE", "BRUKERNAVN", "PASSORD" (with masked dots), "IMAP-SERVER", "SIKKERHETSTYPE" (with a button labeled "SSL (godta alle sertifikater)"), and "SERVERPORT" (with the value "993"). At the bottom, there are two buttons: "TILBAKE" and "NESTE".

12. Fyll inn ditt brukernavn, hele epost-adressen. F.eks: ola@domania.no

13. Fyll inn passord (Husk at det er forskjell på store og små bokstaver i et passord)

14. Fyll inn mail.domenia.no som utgående mail server

15. Velg "TLS (godta alle sertifikater)" som sikkerhetstype.

16. Endre fra 25 til 587 for serverport.

17. Trykk på neste

The screenshot shows a mobile application interface for configuring an outgoing mail server. At the top, there is a title bar with the text "Innsendinger for utgående server" and a status bar showing the time "12:06". Below the title bar, there is a section titled "Pålogging påkrevd" with a checked checkbox. The main form consists of several fields: "BRUKERNAVN" (empty), "PASSORD" (masked with dots), "SMTP-SERVER" (empty), "SIKKERHETSTYPE" (set to "TLS (godta alle sertifikater)"), and "SERVERPORT" (set to "587"). At the bottom, there are two buttons: "TILBAKE" and "NESTE". Red boxes highlight the input fields for username, password, SMTP server, security type, and server port. Blue callout boxes with white text provide instructions for each field.

18. Gi epostkontoen et navn

19. skriv inn ditt navn.

The screenshot shows a mobile application interface for setting up an email account. At the top, there is a status bar with a signal strength indicator, a battery icon, and the time 12:07. Below this is a dark header with the text "Legg til konto". The main content area has a light gray background and contains three input fields, each with a red border. The first field is labeled "KONTO NAVN" and is pointed to by a blue callout box with the text "18. Gi epostkontoen et navn". The second field is labeled "DITT NAVN" and is pointed to by a blue callout box with the text "19. skriv inn ditt navn.". Below the input fields is a checkbox labeled "Gjør dette til min standard e-postkonto." which is checked. At the bottom of the screen is a dark navigation bar with two buttons: "TILBAKE" on the left and "FULLFØR OPPSETT" on the right. A blue callout box with the text "20. Trykk på fullfør oppsett" points to the "FULLFØR OPPSETT" button.

20. Trykk på fullfør oppsett
